## With Arras As Pivotal Point British, French and Canadians Drive Germans From Score of Important Spots

## MORE THAN 5,000 PRISONERS TAKEN

### Vimy Ridge, Long a Contested Point, Captured By Canadians After Terrific Bombardment—German Line Penetrated From 2 to 3 Miles.

From a Staff Correspondent of the Associated Press, with the British Armies in France, via London, England, April 9. — The war on the western front, which has been moving more rapidly in the past five weeks broke into full swing today. Widening their attacks which they had been directing against the retreating Germans in the sector of the Somme, the British struck still further north, and in a series of assaults on a broad front, with Arras more or less the pivotal point, they drove the Germans from scores of important positions, penetrated far into the German lines and inflicted heavy casualties.

A visit to headquarters this afternoon indicated that the number of prisoners taken in the past 12 hours will exceed 5,000. The barbed wire "cages" or compounds built to receive expected prisoners were overcrowded long before noon, although the principal attacks did not begin until shortly after dawn.

The heaviest fighting today developed along a line a few miles southeast of Arras in a northerly direction to the neighborhood of Lens, but the action extended far in the direction of St. Quentin. In the territory captured today was the famous Vimy ridge. The French had fought desperately and valiantly in an endeavor to wrest this vantage point from the Germans, the battle costing both belligerents untold casualties. Back of the northern end of Vimy ridge lie the principal coal fields of France, which are still in German hands.

### Canadians Rush Fighting.

The fighting on the Vimy ridge was carried out by the Canadians, who had retained a footing on the ridge all winter, but always higher up was the enemy. On either side of the Canadians were English and Scottish battalions, the irrepressible "tanks" also shared in the honors of the successful result.

One position captured to the north-west of Arras was a sort of labyrinth of trenches enmeshed in multiple bands of wire called "the heart," because of its shape. Prisoners had proclaimed this strong point practically unassailable, but, sweeping over it today, the British took within it nearly a thousand prisoners, and they captured also during the day three German battalion commanders, who compare in rank with colonel in the British army. The Canadians took 2,000 prisoners.

It was said everywhere along the attacking line that the Germans appeared to have been taken by surprise, and only in a few instances did they put up a strong fight. One reason for this was that they had been fairly dazed by the British artillery fire for the past ten days.

From the high ground overlooking Arras a view of the British attack was presented. The concentration of guns for this operation was probably the greatest for a given amount of front since the war began. Almost countless guns had taken part in the bombardment since the beginning, but it was not until last night that many masked batteries joined in the grim chorus.

### Battle News Condensed.

What seemingly is the commencement of a big offensive by the British forces in France has begun along a 15 mile line extending from Lens to the village of Hennin-sur-Cojeul, southeast of Arras.

On the entire line big gains in territory have everywhere been made. Heavy casualties have been inflicted on the Germans and in addition prisoners running into the thousands—5,000 already have been counted, and great quantities of war material were captured. The operations are still in progress. The British casualties are declared to have been slight.

Probably the greatest gains were made on a 12-mile front from Givenchy-en-Coteau, north of Arras, to Hennin-sur-Cojeul, southeast of Arras. Here defenses of all kinds, some of them most heavily fortified were stormed and captured by the Canadians. Notable among the positions is the famous Vimy ridge which frequently has been the theatre of sanguinary encounters.

The German line was penetrated to a depth of from two to three miles during Monday and at night last King George's men were still pressing forward.

The element of surprise evidently played a prominent part in the British victory for along the entire front recently there had been nothing more than small encounters and artillery duels.

The thrust of the British was quick and violent, gauged by the rapid sweep they made against the positions which previously had been considered almost impregnable. To the Canadians fell a bag of prisoners numbering 2,000. The artillery preparations before the infantry attacks were launched is described as resembling a veritable inferno.

Not content with their successes be-

between Lens and Hennin-sur-Cojeul, the British also struck viciously in the region of Cambrai, where the village of Denicourt was captured and further progress was made in the neighborhood of Havrincourt wood, while still further south additional gains were made around St. Quentin.

The intensive aerial activity continues between the British and Germans. London reports two German machines destroyed and 15 others driven down and that 10 British airplanes failed to return to their base.

On the part of the line held by the French there have been only artillery activity, except in the Parroy forest, where a German attack against an advanced post was repulsed. Reims is still being heavily bombarded by the Germans.

Only minor operations have taken place on the eastern front from the Baltic sea down into Rumania. The usual bombardments are in progress on the Austro-Italian front. In Macedonia there have been reciprocal bombardments and small infantry attacks.

Unofficial advices from Brazil indicate that Brazil is on the immediate verge of severing relations with Germany as a result of the sinking of the Brazilian steamer Parana.

The Austro-Hungarian charge d'affaires at Washington has requested the state department to hand him his passports. Austrian ships in American waters immediately seized. Unofficial advices say that the American charge d'affaires at Vienna has already given in his passports.

### SEIZE AUSTRIAN VESSELS

The Pew Men Found on Board Placed in Internment Camps.

New York, April 9.—Four Austrian ships, one of them a passenger liner which had been self interned here since the beginning of the war, today were seized by customs officials acting under instructions from Washington. The officers and crews of the ships numbering in all 63 men, were sent under guard to Ellis Island and interned along with the crews taken from the German ships seized last week.

The four ships seized were the passenger steamer Martha Washington, a vessel of 8,312 tons, built in 1908; Ida, 4,736 tons, built in 1906; Dora, 7,057 tons, built in 1912, and the Himalala, 4,438 tons, built in 1910. Fires were drawn and a guard of customs men placed on board. It was unofficially stated that a hurried examination of the vessels led the officials to believe that none of them had been damaged to any serious extent.

The comparatively few men found on board, in comparison with the number required to man the ships, when in service, is accounted for by statements that some of the crews had been discharged and had secured other employment.

### Muller Has Not Resigned.

Rio Janeiro, Brazil, April 9. — The department of foreign relations denies reports of the resignation of Dr. Lauro Muller as minister of foreign affairs, which the newspapers are persistently publishing. The papers have also spread reports that Dr. Lauro Muller was to be replaced by Dr. Anoro Cavalcanti, who is a member of the federal supreme tribunal.

## NAVY READY TO PLAY ITS PART

### Wilson and Daniels Confer on Cooperative Plans

## PORTS TO BE GUARDED

### Movement of Shipping to European Nations Must Be Safeguarded at All Times

Washington, D. C., April 9.—Naval co-operation with the entente allies was the subject of a long conference late today between President Wilson and Secretary Daniels. It became known afterwards that the government already is taking steps to assure the fullest measure of co-operative operation.

The part to be played by American warships was not revealed and Secretary Daniels declined to say what action already had been taken toward joint activities. It was indicated, however, that the conference dealt with carrying out fully the President's statement to congress that every utility of the nation would be employed to bring about the most effective co-operation. One element of the plans undoubtedly deals with the question of supplies for the entente governments. Officials of the Bethlehem Steel corporation and other steel and ordnance companies were in conference with Secretary Daniels during the day in this regard. An agreement for the apportionment of the facilities of the plants between the American army and navy orders and the furnishing of war supplies to the entente nations was reached under the previous arrangement for the purchase of all government steel at a fixed price, far below the regular market rate.

Administration officials are determined to employ every means in their power, not inconsistent with the urgent requirements of this government for military and naval stores, to keep the flow of munitions as well as their foodstuffs to Europe going at an increased rate.

Mr. Daniels was also able to outline to the President steps that have been taken to establish a submarine tight coast patrol in the shortest possible time. Admiral Benson, chief of operations, and Captain H. B. Wilson, chief of the Atlantic Patrol service, are working out plans which will eventually furnish very complete protection for the approaches to American harbors. Some parts of the patrol fleet is already in operation. Numerous private yachts have been donated to the government and are being armed and equipped for war; others have been purchased and a large number of smaller power boats have been taken over. The crews are now being assembled.

Later when the new coast patrol boats recently ordered are delivered, it will be possible to again extend the scope of the patrol, insuring merchant craft the most thorough protection possible as they arrive in or depart from American ports.

The navy department has been showered with requests from coast towns and cities for the stationing of war craft in these localities to protect from possible raiding attacks. There is no intention of breaking up the navy's strength in that way. The patrol and scout systems, however, will soon be sufficient to insure swift mobilization of fighting units at any threatened point should raiders of any character approach. Every rumor and report in this connection is being promptly traced down.

### State Fairgrounds for Cavalry.

Albany, April 9. — The state fairground at Syracuse today was designated by an order issued from the adjutant general's office as a state remount station for the mobilization of horses and mules for New York's quota of troops. Captain Walter L. Bell of the quartermaster's corps has received orders to make arrangements for nearly 10,000 mounts and pack animals and plans to begin mobilization immediately.

### Menocal Leads in Oriente Election.

Havana, Cuba, April 9.—In the partial presidential election held in the province of Oriente today as a result of charges of fraud in the regular elections held some time ago, President Menocal was victorious over Dr. Alfred Zayas, the liberal candidate. President Menocal thus far has 86 electoral votes as against 41 for Dr. Zayas.

### Seize Austrian Steamer.

Pensacola, Fla., April 9. — The customs officials and deputy United States marshals, with a detachment of marines, late today seized the Austrian steamer Lucia, warbound in this harbor, and held the captain and crew. The Lucia's machinery had been badly damaged by the crew.

### ANTICIPATE EARLY BREAK.

Rio Janeiro, Brazil, April 9. — An early rupture of relations between Brazil and Germany is expected—by tomorrow morning at the latest. The break depends solely on the formality of the reception of the official report from Paris on the sinking of the Brazilian steamer Parana by a German submarine.

The break probably will be followed by the seizure of German ships in Brazil.

Dr. Lauro Muller, foreign minister, has refused to receive the German minister. Dr. Muller then gave urgent orders that a steamer in Rio Janeiro be made ready at once for a mission abroad.

Dr. Muller conferred with the war minister and the chief of staff. He also urgently requested a report from the Brazilian legation in Paris.

## SUPREME COURT SETS NEW RIGHTS

### Law Establishing Minimum Wage For Women Upheld

## PRICE FIXING ILLEGAL

### Extension of Law Governing Fraudulent Use of the Mails Is Also Upheld

Washington, D. C., April 9. — New and important rulings defining public and private rights, some regarded as marked departures along progressive lines, and involving fundamental questions, were announced today by the supreme court in a series of opinions. The principal decisions were:

The Oregon law, establishing a minimum wage for women in any occupation, was upheld as constitutional by a vote of 4 to 3. Justice Brandeis not participating because disqualified. How the court divided was not announced.

Oregon's law, fixing a 10 hour day for workmen in manufacturing establishments, was sustained as constitutional by a vote of 5 to 3. Chief Justice White and Justices VanDevanter and McReynolds dissenting, with Justice Brandeis not participating.

Price fixing restrictions by means of "licenses" for public use of patented articles of the Victor Talking machine and many other corporations were declared illegal and void, the court dividing 6 to 3. Justices McKenna, Holmes and VanDevanter dissenting.

Patent "monopoly" was further circumscribed for public benefit by a ruling that the Motion Picture Patents company (the so called Moving Picture trust) cannot restrict use of their patent machines to materials "licensed for such use."

The anti rebating clause of the interstate commerce act was held by the court to extend to railroad payment on freight shipped by a European forwarding agency, the court declaring that "any payment by a carrier to a shipper in consideration of shipping of freight over its lines is prohibited."

The law against fraudulent use of the mails, the court also decided, extends to those "causing" mail matter to be illegally deposited, even though such persons do not themselves physically post the matter.

Women's minimum wage and men's hours of service laws of many other states are affected by the decisions upholding the two Oregon statutes. The decisions mark an advanced stand in support of such legislative enactments, the Oregon law being the first of their kind to come before the court and were conceded to represent fundamental questions between wage workers and employers not hitherto maintained by the nation's highest tribunal.

In the "patent monopoly" cases the plan by which such appliances have been given to the public upon royalties with a license merely for their use—not an outright sale—was declared void as a mere "poorly concealed purpose for maintaining and fixing prices to agents and purchasers."

Reversing its ruling in the "Dick Minceograph" case the court held in dismissing an infringement suit of the Motion Picture Patents company that patentees of machines cannot prescribe what other materials shall be used with their products. A contrary practice, it was declared, would be "gravely injurious to the public interest, which is more a favorite of the law than is promotion of private fortunes." The decision permits use of competitors' films in any moving picture machines, removing a restriction said to be "a potential power of evil over an industry in the amusement life of the nation."

Patents of machines, the court declared, are limited to the mechanism itself, patentees may not restrict their use to any particularly supplementary material and the public may use any material necessary to their operations.

## PRESIDENT BACK OF ARMY PLANS

### Seeks to Overcome Opposition to Selective Conscription

## NECESSITY FOR DRAFT

### No Question in Congress of Giving President Men and Money, But Merely the Method

Washington, D. C., April 9.—President Wilson threw the weight of his personal influence into the scales today in an effort to overcome opposition in congress to the administration's army plan based on the draft system. Summoning Chairman Dent of the house military committee, now considering the bill, to the White House, the President made it clear that he believes the safety of the nation hangs on the action of congress in this regard. He will make a similar exposition of the military situation tomorrow to Representative Anthony of Kansas, who has led opposition to the draft plan among Republican members of the military committee.

In his war address Mr. Wilson formally told congress that in his judgment the United States must face her enemy with a certain weapon in the form of an army raised by application of the people of the Universal liability for military service as a duty of citizenship. Supplementing that he issued recently a statement approving in every detail the departmental plans, which have the unanimous approval of the army general staff.

In his action today, however, the President recognized the fact that there may develop a strong feeling in congress in favor of adhering to the old volunteer system, and sought to bring home to Mr. Dent, one of those who hold that view, the lessons to be drawn from the great war into which the United States now has been plunged and which all point, military advisors of the government declare, to the absolute necessity of facing the issue squarely and summoning to the colors by draft.

A compromise plan may be offered by the opponents of compulsory service. A sentiment for such a move was evident in Mr. Dent's committee, before which Secretary Baker and the military chiefs of the war department assembled in full strength during the day to support the administration's policy. There was no indication, however, that a compromise would be accepted by the President.

In the senate debate on conscription occupied much time during discussion on the regular army appropriation bill left over from last session. The question is not dealt with in the bill, but during the debate Senator Kirby offered an amendment which would authorize the President to call volunteers in lots of a half a million each. The amendment is subject to a point of order and probably will be disposed of that way without debate.

As a result of Chairman Dent's attitude, it is possible that some other member of the house committee will present the administration bill if it is reported as officials hope it will be, substantially in the form in which it was drawn.

"There is no chance on earth of the bill coming out of the committee in any form within a week at the least," said Chairman Dent. "The main controversy is over the question of conscription. There is no question, however, on the part of anyone as to giving the President all the men and money needed to carry on the war. The only controversy is as to the means of doing so."

Discussion of the regular army appropriation bill had been perfunctory in the senate until a section authorizing advertising agencies to obtain recruits for the army was reached. Chairman Chamberlain said it was considered necessary to get men and instances the fact that recruiting for the National Guard had not been successful.

"Recruits have flocked to National Guard headquarters ever since the German ambassador was sent home," declared Senator Wadsworth, "but now I hear the war department has sent out orders forbidding the guard to accept recruits."

Senator Nelson, a veteran of the Civil war, declared himself in favor of a call for volunteers.

"I venture to say," said he, "that if the President calls for a volunteer army of 500,000 men and says that it is going to Europe and fight, there will be no trouble at all. What the boys dread above all is to be stationed in camps with nothing but drills and guard duty. What they want is to march and fight and to meet the enemy."

The Senator added, however, that he did not believe it necessary to send an army to Europe at present.

Senator Stone urged an increased pay of privates to four or five times the present amount.

## Vienna Government Ranging Herself With Germany Precipitates Situation Likely to End in War

## DIPLOMATS HANDED PASSPORTS

### All Austrian Merchant Ships in American Harbors Are Immediately Seized By Order of Treasury Department—Similar Action By Turkey and Bulgaria Is Expected

Washington, D. C., April 9. — Austria Hungary, ranging herself unreservedly with Germany, has severed diplomatic relations with the United States, precipitating a situation which generally is expected here to lead to war.

Baron Erich Zwiadinek, the Austrian charge, asked the state department today for passports for himself, his staff and the Austrian consular force in this country; and simultaneously American Minister Stovall reported from Berne that Austria had announced the break in relations to the American embassy at Vienna yesterday.

Immediately the treasury department ordered the seizure of all Austrian merchant ships in American harbors. The Austrian crews were taken off and sent to immigration stations and American guards put on board.

The measure was explained as purely one of police protection, but it is realized that it may be interpreted by Austria as an act of war. In a similar situation after the break with Germany, no ships were seized until a state of war actually had been declared.

### Others May Follow Suit.

Whether Bulgaria and Turkey are preparing to follow suit still is unknown but officials generally believe that sooner or later they will do so. The Bulgarian minister, Panaretov, called on Secretary Lansing late today to ask if this government had information from Sofia, but was told none had been received. Bulgaria and Turkey are believed here to be weary of the war, but German domination of the Central European alliance is expected to drive them, as it drove Austria, to a break with Germany's new enemy.

Telegrams prepared a week ago in anticipation of today's development, have been sent to American diplomatic and consular officials abroad instructing them to wind up their conduct of entente interests in Austria and of Austrian interests in entente countries. Spain will take over American interests in Austria, and Sweden will assume Austrian interests here.

Safe conducts for the former Austrian officials on their trip home will be sought immediately from the British and French governments.

In a statement tonight reviewing Secretary Baker stood firmly for the general staff plans.

Mr. Baker approved a suggestion that instead of authorizing two increments of selective draft forces, 600,000 to an increment, the bill authorize the President to call as many such increments from time to time as he deemed necessary to prosecute the war.

Mr. Baker said the only provision of the administration bill which would militate against the continuance of National Guard units as such after they had been drafted into the federal service, was that the way was to be opened for National Guard officers to promotion to any part of the new armies.

Mr. Baker explained also that the department had been unable to permit National Guard recruiting to proceed beyond the peace strength of the command because of shortage of equipment, which it could supply immediately.

In the senate, the 1918 appropriation bill, designed to carry on the existing military establishment, made rapid progress. The bill now contains one section, inserted by the senate committee, which has a direct bearing on the war emergency. It does away with the grade of brigadier general entirely, substituting a senior and junior division of the grade of major general instead.

The new section also proposes that the chief of staff be given the rank of general, senior to all other army officers, while in that position.

With armies in the field of the size now in contemplation this procedure becomes urgently necessary in order that high commands can be properly assigned and adjusted.

### Boilers of Ships Disabled.

Houston, Texas, April 9. — Deputy United States marshals late this afternoon seized the Austrian steamers Morowitz and Campana. The captains and crews of the seized ships were to be taken to immigration headquarters on Pelican Islands, Galveston. An investigation shows that the boilers of both ships have been disabled, rendering the ships unfit for service without considerable repairs. Under oath the two captains, Bakos of the Morowitz and Lupis of the Campana, said they had crippled the machinery on orders, but would not say from whom the orders had been received.

Finley on Gompers' Committee.

Albany, April 9. — John H. Finley, state commissioner of education, today was named by Samuel Gompers, chairman of the committee on labor of the advisory council of national defense, as a member of Mr. Gompers' committee.

## REPORT AMERICAN SHIP SUNK BY SUBMARINES

### CONSUL GAULIN AT GENOA SAYS ENTIRE CREW WAS SAVED

Washington, D. C., April 9. — The American steamer Seward was reported torpedoed and sunk without warning in the Mediterranean by a German submarine, in a dispatch to the state department today from Consul Gaulin at Marseilles. All of the crew of 21 was said to have been saved.

New York, April 9. — The American steamship Seward, owned by the Alpha Steamship company, left here March 3 for Genoa and other Mediterranean ports. Philip H. Johnson and carried a crew of 28 men, of whom 30 were American citizens, according to the shipping commissioner's records here.

The Seward was built at Seattle, Wash., in 1907, and registered 3,329 tons gross, 2,880 net. She was 279 feet long with a beam of 12 feet. She carried a general cargo valued at close to \$200,000.

### Dyer Heads Defense Corps.

Albany, April 9.—Brevet Major General George Rathbone Dyer of New York today resigned as commander of the First brigade of the National Guard and immediately was appointed by Adjutant General Stotesbury as the state head of the home defense department of the mobilization research bureau.

He will have under his direction the organization, equipment and training of the home defense corps of the various counties and also the recruitment of the regular army and navy, the National Guard and the depot units. He also will have much to do with the compilation of the war census.

Finley on Gompers' Committee.

Albany, April 9. — John H. Finley, state commissioner of education, today was named by Samuel Gompers, chairman of the committee on labor of the advisory council of national defense, as a member of Mr. Gompers' committee.

## MEET PEESKILL SHOOTERS.

Company G. Boys Unable to Win Out With Low Calibre Rifles.

The Peeskill Rifle Club of recent date contains the following story of a rifle match between a five man team from Company G of Oneonta and the Peeskill Rifle Club:

"From the high power Springfield to the 22 calibre rifle was too big a step for the Company G boys to make with satisfaction to themselves and although all the members of their team have qualified as marksmen, yet they fell easy victims to the Peeskill Rifle Club team, who, by the way, did not shoot up to their usual mark, when they met on the range of the Peeskill Rifle Club in the station building last night. The shooting was at 75 feet off hand, 75 feet prone and out of a possible 1,000 the Peeskill Rifle Club scored 710 and Company G 513.

"The Company G boys came from ranks of some of the crack shots of the state. They are anxious now to meet the Peeskill Rifle Club team on the outdoor range with Springfields and as the P. R. C. intends to have its outdoor range before long the chances are good that they will meet again for it would be highly beneficial to the local shots to get instruction in the high power gun from men who are thoroughly versed in its use.

"The Company G boys are gentlemen, and good sports and here a hoping the teams may meet again.

## One Virtue of Books.

"What if a book is dull?" inquires Samuel McHard Crothers in one of the monthly magazines. "It can't tell you about it. It can't buttonhole you and say, 'One word more.' When you shut up a book it stays 'shut.' Dr. Crothers' epigram suggests a new test for the books on your shelf. Which one stays shut? Which one calls out, 'Read me!' It is not the loudest book that best. Loud spoken books defeat their purpose if they deafen you. Quiet voices reach the ear better. But books do know their place, and sometimes that's a big relief. ## THE IMPROVED GYPSIES.

Dismissing Horses and Vans They Travel by Auto Through Country.

An innovation in the way of gypsy travel struck Oneonta yesterday, when a band of about 20 of the disciples of wanderlust arrived in the city. In other years their presence has been made manifest by a half dozen or more horse-drawn vans, some gaudily painted and others in obvious states of disrepair, while behind each of the vans were 10 horses which in large part constituted the gypsy's mode of travel. No such lumbering methods of locomotion for the itinerant folk of yesterday. Instead there were five automobiles, all good machines and bearing this year's Pennsylvania number plates on front and hub. Two of the cars were Hudson's two doors and the fifth a Ford, and inside were packed the tents and gear for the bedding and all the regular outfit of the gypsies.

The stay in Oneonta was involuntary rather than voluntary and was a direct result of the present cold snap. The party had just come through from Philadelphia and had camped Sunday night in the vicinity of Maryland. The travelers themselves were warm and well in tents, but the cars were not so much under cover. Monday morning developed that both the Hudsons were out of commission, the pumps having frozen and "busted." The little Fords towed them in and the Oneonta garage and the Holmes garage on Prospect street were busy all day repairing the damage. As the repairs were not completed at nightfall the cars went outside the city limits, camped, and it all goes well will resume their journey to Binghamton today.

## Fisherman Fully Equipped

Yesterday morning, quite early, an enthusiastic trout fisherman was seen on Dietz street clothed in a fur coat, about the neck traces of a red sweater being seen, while his hands were protected by a heavy pair of varnished mittens. A companion on numerous fishing trips insists that nothing would have been suspected had not a pair of hip boots, which always cause him to step high, caused a more careful look at his clothing and traces of an axe and a trout basket were seen beneath the heavy coat. Up to a late hour last night he had not returned and some of his friends are keeping close watch of his Wall street residence. If he fails to appear today searching parties will be sent out lest he has become frozen fast in the ice of some trout brook.

Only a few of the fishermen ventured out on Saturday and those who did are keeping very quiet, two to five being about the average catch. Some inquiry has been made if the heater to which reference was made in the issue of Saturday was an alcohol heater. The Star regrets its inability to answer.

## Tact and Success.

Tact is a combination of good temper, ready wit, quickness of perception and ability to take in the exigency of the occasion instantly. It is never offensive, but is a calm allaying suspicion and soothing. It is appreciated. It is plausible without being dishonest, apparently consults the welfare of the second party and does not manifest any selfishness. It is never antagonistic, never opposes, never strokes the hair the wrong way and never irritates. Tact, like a fine manner, eases the way, takes the jar out of the jolts, oils the bearings, opens doors barred to others, sits in the drawing room when others must wait in the reception hall, gets into private offices when others are turned down. It admits you to exclusive circles, where wealth abounds, even though poor. It secures the position when merit is turned away. Tact is a great manner. If easily controls people, even when combined with small ability, when genius cannot get along.

## A Problem

"That is my hired man asleep up there in the orchard of that oak tree," said honest Farmer Hornbeak. "You are entitled to one cucumber to whether he clump up there to slumber or went to sleep on the ground on top of an acorn which grew up with him."—Kansas City Star.

## A Cent.

The habit of calling the cent piece of our American coinage a "penny" is utterly without foundation or excuse. We have no penny in our coinage. At one time half cent pieces were coined, but now the unit is a cent, the hundredth part of a dollar.

## Wonderful.

In the art department a few days ago one of the students drew the picture of a boy's life. He drew a boy as he threw it into the waste basket it laid there.—Liverpool Post.

## A FEEBLE AGED WOMAN

Tells How Vinol Restored Her Strength.

In her eighty-second year Mrs. John Wickersham, of Russellville, Pa., says: "I was in a run-down, feeble condition and had lost flesh. A neighbor asked me to try Vinol, and after taking two bottles my strength returned; I am gaining in flesh, it has built up my health and I am feeling fine for a woman of my age, so I get around and do my housework."

The reason Vinol was so successful in Mrs. Wickersham's case was because it contains the very elements needed to build her up. There is nothing like Vinol to give strength and vitality to elderly people.

We will return your money if Vinol fails to benefit you.

## SLAYERS OF GEORGE F. SHAW.

Arrested in Syracuse Sunday and Now in Jail at Binghamton.

Floyd Lindsay, Tuddy Gates and Charles Fantz, who were arrested Sunday in Syracuse, on a charge of murdering George F. Shaw, owner of a Binghamton taxicab line, just a week before he was in the Broom county jail along with Leon Perkins, who is the fourth member of the party which was out in the Shaw car with intent of robbing him. From the statements made by all the boys, it appears that they slipped away to see if they were to hire an auto and go out for a good time with Fantz, or whether they were to go in the Shaw car with Lindsay, who would shoot and kill Shaw for the money. The trio of a coin by Perkins decided the issue, and the party embarked on the fatal adventure.

Yesterday the four prisoners were taken over the line of the drive with Shaw, for the purpose of identifying it. There seems to be complete confirmation of one another in all important particulars as to the story of the crime. A sad feature of the case is the fact that the mother of Gaus, who called at the jail, was stricken with a shock on seeing her son in a cell and is now in a critical condition, one side being entirely paralyzed.

Five job printing at The Herald office.

Given 150 Days at Albany.

James Handley, who was brought back to Oneonta from Plattsburg to answer to the charge of petit larceny preferred by the Briggs Lumber company from whom he secured a quantity of lumber, selling it at once to McFee & Borst, was arraigned on Saturday and pleaded guilty. Judge Shaw sentenced him to 150 days at the Albany penitentiary and he was escorted there by Chief Blizard on Sunday. It is learned that Handley once previously had been involved in a check transaction.

## OTSEGO COUNTY NEWS

## EASTER WEDDING BELLS.

Thomas Gilliland and Miss Lydia Hayner married at Cooperstown.

Cooperstown, April 9. — A very pretty wedding was solemnized at the Methodist church on Sunday, when Thomas William Gilliland and Miss Lydia May Hayner, both of this village, were united in matrimony by the Rev. Albert Clarke. The groom is a faithful and efficient employee of the A. H. Crist company, and is also one of the soldiers who has seen service in the border, being at present on the reserve list. Mrs. Gilliland is also a popular employee of the Crist company. Their many friends and co-workers wish them happiness and prosperity. The couple were attended by Miss Edna L. Garlow and Ernest M. Hotaling. The happy couple will reside in Cooperstown, while Mr. Gilliland awaits the call of his country.

## Special Catholic Services.

Beginning on Sunday morning, April 22, the Apostolic Band of Fathers will conduct a mission at St. Mary's Roman Catholic church. Services will be held morning and evening and a cordial invitation is extended to all.

## Subscription for Old Glory.

All patriotic women, young women, children, and even babies, are urged to subscribe to the "Cooperstown Detachment Remembrance Fund," which was started by Miss Helen Bundy in order to purchase a flag for our own soldier boys, and also to use the balance remaining in sending the boys small gifts from time to time as remembrances from the people of this village. No amount over 25 cents will be accepted from any one lady, and any sum under this amount will be gratefully accepted. Send subscriptions to Miss Helen Bundy, all of which will be publicly acknowledged. Get together ladies and show your loyalty to the boys.

## Patriotic, Loyal Cooperstown.

Patriotism is running wild around this ordinarily quiet village, and the fact that already about 30 of her valiant sons have offered their services to the flag, has started a wave of enthusiasm and loyalty which we doubt can be equalled in any village the size of Cooperstown in this state. Comments are being made on the spirit shown by the younger set, many of whom offered their services but were rejected as being under age. As a part of a fitting program being arranged in honor of the recruits, the Daughters of the American Revolution have invited the National Guardsmen of Cooperstown to be present at a supper to be given in their honor at the residence of Miss Sills, on Tuesday at 6 p. m. Those who offered their services, but were rejected, have also been invited. After the supper the boys will be escorted by the citizens of the village, headed by the Cooperstown band, to a rousing patriotic meeting, to be held at the court house at 8 p. m. The meeting will be presided over by William Beattie, who has been an active worker in the recruiting movement. Patriotic speeches will be made by Rev. Ralph Biedl, who by the way offered his services as chaplain of the Cooperstown detachment. Judge Willis, William McEwan, Postmaster George Carley, and Attorney C. G. Tennant. Music will be furnished by the Cooperstown band and patriotic songs sung by a selected choir and the audience. Let everybody turn out to honor the boys, the flower of our town, the pride in their friends, the heroes of our country.

## EASTER IN MILFORD CHURCHES.

Excellent Sermons Preached Sunday by Methodist and Presbyterian Pastors. Milford, April 9. — Easter Sunday was fittingly observed at both the Methodist Episcopal and Presbyterian churches yesterday with a large congregation in attendance. An excellent program was rendered at the Methodist church with special music rendered by the choir at both the morning and evening service. In the morning Rev. N. B. Ripley preached the last of his series of Lenten sermons, the subject being, "Eternal Life—The Argument from Nature." The text of the sermon for the evening was, "Re Thou Faithful Unto Death and I Will Give Thee a Crown of Life." An Easter sermon, "The Living Dead," was preached by Rev. N. S. Becker at the morning service at the Presbyterian church and the thought was very impressive. Special Easter music was rendered by the choir at both services. The subject for the evening service was "The Mission of the Church."

## School Re-opened Monday.

The Milford High school re-opened this morning after the Easter vacation with a very good attendance. The outside district students encountered some trouble as the roads are again in bad condition. They had dried up considerably the first of the week but the rain and snow of the past few days has again made them almost impassable in places.

## Purchases New Overland.

Charles E. Geborn has purchased of the Francis Motor Sales company a new five-passenger Overland touring car which was delivered last week. Mr. Geborn also has an Overland delivery car which has been newly painted this spring.

## Woman's Missionary Society.

Woman's Missionary society of the Presbyterian church will hold a service at the home of Mrs. M. B. on Tuesday afternoon of this week at 2:30 o'clock.

## Water Rents Due.

John Frankhite, collector, is now collecting the water rents which are due every Thursday and Saturday mornings at his residence until April 10 without commission. After that

date five per cent commission will be charged. The water will be shut off without further notice if rent is not paid within 50 days from April 1.

Secretary of Bureau of Publicity. Walter A. Parcell, brother of Mrs. Lee Kinno of this place, has just been appointed secretary of the Bureau of Publicity and Education of the Alliance of Charitable and Social Agencies at Baltimore, Md. Mr. Parcell was selected because of the great success of his work as publicity manager of the Eastern States exposition of Springfield, Mass. The Baltimore alliance is putting into operation plans for the elimination of that city of all possible causes of poverty and distress by means of education of the public and publicity for its preventive measures. The alliance is composed of all the large non-sectarian organizations and occupies the whole McCoy hall building, one of the largest buildings in the city.

## Personals.

Leon Bennett of Boltonville is visiting at the home of his brother, P. R. Bennett. — George Lyon returned last week from an extended business trip in the west. — Mrs. O. A. Weatherly returned Sunday from Sidney, where she has been spending several days with relatives. — Mr. and Mrs. Andrew Spencer of Syracuse are spending a few days in town. — Herbert Lyon of Oneonta spent Sunday with his father, George Lyon. — Miss Vera McFiorie of New Jersey is spending the Easter vacation with her parents, Mr. and Mrs. M. McFiorie.

## DEATH AT WORCESTER.

Mrs. P. A. Leask Expires at Home of Her Parents Sunday Afternoon.

Worcester, April 9. — Mrs. P. A. Leask died Sunday afternoon at the home of her parents, Mr. and Mrs. C. H. Davidson, after an illness of nearly four years. Surviving her are her aged parents, who have given her the most devoted care during the long illness, and one brother, H. W. Davidson of this place, and one sister, Mrs. W. G. Conklin of Mt. Vernon.

The funeral services are to be held at the house on Wednesday afternoon at 2 o'clock, with Rev. A. D. Finch officiating.

## Horses in Demand.

Yesterday Albert All, who resides at Tusculum, received another shipment of western horses. There seems to be quite a demand locally for horses this spring and "All" has already sold several.

## A Correction.

We are requested to state that the news item last Saturday, relative to J. F. Colbeck's discontinuing his coal business, was based upon erroneous information, and that he will continue to supply his patrons with fuel as previously. Such being the case we regret that circumstances were such as

to give rise to the report and are glad to make the correction.

## Churches Well Attended Easter.

Easter was fittingly observed in the village churches by the various congregations and Sunday schools, by special sermons or exercises, and Easter music. The attendance was larger than usual.

## High School Vacation.

Both faculty and pupils of the High school are enjoying a ten days' vacation.

## OBSERVED IN OTEGO.

James Chestney Entertains Party of Friends on Fourth Birthday.

Otego, April 9. — On Wednesday afternoon last, Master James Chestney entertained 18 of his young friends, the day being his fourth birthday. The young host was the recipient of many gifts. The afternoon was one of enjoyment for those present, the deliciousness of the repast adding much to the pleasure of the party.

## District Deputy Visits Lodge.

District Deputy Adelaide Carr of Fly Creek, will make her official visit to Vale Hannah Rebekah Lodge on Wednesday evening of this week. Rebekah lodges of Unadilla and Sidney will also be entertained at this time. An interesting program is being arranged. Refreshments will be served.

## Home Economics Club Meeting.

The regular meeting of the Otego Home Economics club will be held in C. C. Conner's rooms, Tuesday, April 10, at 2:30 o'clock.

The topic for roll call will be "Sandwich Fillings," followed by a demonstration on "Egg Croquets," by Mrs. W. S. Marsland.

## To Collect Papers and Magazines.

The Gleaners of the Baptist church will collect papers and magazines during the latter part of next week. Those having any that they would care to give to the society will kindly bring them to the place on a date which will be given later, and they will be called for.

## Band to Hold Supper.

The Otego Military band is planning for a maple sugar supper, to be held at the home of Mr. and Mrs. S. A. Brown on Friday evening.

## Personal Workers' Meeting.

Team No. 1 of the Personal Workers will hold a cottage prayer meeting at the home of Mr. and Mrs. Clifford McLaughlin, Wednesday evening at 7:30. Brother Terry leader.

Team No. 2 will hold a meeting at the same hour at the home of Mrs. W. E. Sheldon. Brother Bundy, leader.

## Band Rehearsal.

The weekly rehearsal of the Otego Military band will be held on Wednesday evening of this week at the usual hour.

## W. C. T. U. Hold Meeting.

The Woman's Christian Temperance union held an interesting meeting at the home of Mrs. Elmer Chase.

(Concluded on Page Seven.)

## FELT LIKE A NEW PERSON

## After Taking Only One Box Of "Fruit-a-lives"

EAST SHIP HARBOR, N. Y. — "It is with great pleasure that I write to tell you of the wonderful benefits I have received from taking 'Fruit-a-lives'. For years, I was a dreadful sufferer from Constipation and Headaches, and I was miserable in every way. Nothing in the way of medicines seemed to help me. Then I finally tried 'Fruit-a-lives' and the effect was splendid. After taking one box, I felt like a new person, to have relief from those sickening Headaches."

Mrs. MARTHA DEWOLFE, 50c. a box 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ogdenburg, N. Y.

she left on Sunday. No further particulars have been received.

## Easter Sunday Observed.

Services appropriate to the day, with extra music, were held in the First and Second Presbyterian, Episcopal, Baptist and Catholic churches. No services were held in the Methodist as the pastor was attending conference. The choir of the Second Presbyterian was ably assisted by Mrs. M. P. Morgan, Miss Bessie Wright, Mrs. Frank Farrington and Harry Marvin of Walton.

## An Active Agent.

Since William H. Macy left the county clerk's office, January 1, he has been working for the E. A. Strout Farm agency, and is a hustler in that line. The record shows that he has made more sales for the company than any other agent in their employ, during the time that he has been engaged in the work.

## Local Mention.

Mrs. Fred Gregory has moved from Jackson terrace to rooms over Telford's store. — The Odd Fellows hold their annual anniversary banquet at Hill's hall, Thursday evening, April 26. — The Village Improvement society held their meeting Tuesday, April 10, at 3 p. m. at Y. M. C. A. rooms. — Miss Marian Birdsell of the senior class of the New England Conservatory of Music at Boston, is home for a few days' vacation. — The Delhi grange will hold a meeting at their rooms in the Hill block Tuesday afternoon.

## Camps and Cottages in the Summer Paradise Territory.

"Camps and Cottages" is the title of a 48 page booklet published by the Delaware and Hudson company. This booklet is issued in advance of the company's well known book, "A Summer Paradise," and contains a list of camps, cottages and sites for rent and for sale along Lake George, Lake Champlain and many points in the Adirondack mountains. The localities described are the most popular in this part of the country, and those desiring summer home accommodations should secure this directory and guide immediately. Copy of this book will be mailed free on application to M. J. Powers, general passenger agent, D. & H. Co., Albany, N. Y.

## News in Brief.

There were 25 tickets sold at the Holbert station Saturday for Oneonta. — Mr. and Mrs. Ray Briggs entertained at dinner yesterday Mr. and Mrs. Whitling Briggs and family, Mrs. William Briggs and Mrs. M. A. Riehel. — Mrs. Dora Fowdell of Maryland is visiting her daughter, Mrs. R. P. Clark. — John K. Grant of Stamford is a business caller in town today. — This weather makes one think of spring because of what it isn't. — A. S. Carroll, who has been spending Easter with his son, J. S. Carroll, of Otego, returned tonight. — Miss Mary Hoyt, who spent Easter at her home, returned to Orangeburg, where she is teaching this afternoon. — Bailey Poole is visiting his sister, Mrs. H. E. ## GIRLS! MAKE A BEAUTY LOTION WITH LEMONS

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the roses and beauty of any skin. It is truly marvelous to smoothen rough, red hands.

### IN LINE FOR AMERICA.

During the past two and a half years the Fatherland, now known as Viereck's, has been the leading organ of the German propaganda in the United States. Edited by George Sylvester Viereck, who is perhaps the most talented as unquestionably he is the most sagacious of German-Americans, it has been to its columns that the friends of the German propaganda, have turned for inspiration and largely for direction. What Viereck's would do, therefore, when war was declared has all along been a question among the readers of that journal.

Well, the question is settled. Viereck's in its latest issue, that of the present week, tells where it stands; and that is with America. An article full of natural regret for conditions closes with a full and explicit statement; and there need be no doubt about its position when it is defined in such words as these:

"It is not unpatriotic to oppose the election of a candidate—it is not unpatriotic to oppose the passage of a bill of which you do not approve. It is not unpatriotic for an honest paper or an honest man to oppose going to war."

"But when the Die of Fate, is cast, we must, all of us, abide by the result."

"We have opposed war. Our side has lost. We are American; and while our heart goes out to Germany, and we keenly regret the circumstances which compel our taking sides against her, we feel that our common duty demands that we stand behind our government."

"We know our readers will unanimously support our stand."

The sentiment of Viereck's is the sentiment of German-Americans generally. And the paper and the men who make this declaration are those who keep their word.

### COMMENTS OF THE PRESS

#### The President's Final Point.

The President's kind and even fond thought of the German people was clear and persistent throughout his momentous address calling for a declaration of war on their inhuman government. Indeed, in the last words that fell from his lips he paid tribute to the German folk-soul, as if to crown all he had said with good will. It is so delectable that it is all the more a high token of sincerity. "God helping her," thus he ends the fateful utterance that would throw our country into the world war, "God helping her, she can do no other." And those are the very words of an immortal German!—"Ich kann nicht anders! Gott helf mir, Amen!"

Surely the President's scholarly mind was fully aware whence came those words with which he crowned his august pronouncement. Surely, in choosing them at such a historic climax of speech, he deliberately meant to show veneration for the true spirit of the German people as of the modern world has known it. Here is something too significant, too delicately noble to be overlooked amid war's awakening uproar. —[Boston Herald.]

#### A Modest Great Man.

For four years engineers and contractors have been working on the New York connecting railroad, which has cost \$27,000,000 for its six miles of length. The Hell Gate bridge and the viaduct, themselves 3½ miles long, include the longest steel arch ever built, having a span of 1,017 feet between the towers that rise to a height of 250 feet. The top of the arch is no less than 305 feet above mean low water, and the whole is the product of the genius of Gustav Lindenthal, of whom it is said that because of his excessive professional modesty he would not permit the placing of his name upon a tablet at the Williamsburg bridge to record the fact that he was its supervising engineer. Mr. Lindenthal has now carried through several schemes that seemed almost unworkable; who would be bold enough to assert in the face of the completion of this marvelous Hell Gate bridge that his dream for a mighty span across the Hudson river will not yet come true? Predictors that have seemed equally visionary are now being pressed to completion in all parts of the country.—[New York Evening Post.]

#### The Kaiser's Conversion.

"In Germany there is but one master, and that is I." "Whoever opposes me will, him I will break." The Kaiser used to talk when he was well. So he wrote, in Latin, as became the crowned Autocrat of the Germans, in the golden book of the senators of Munich: "Let the will of the King be the supreme law." Now the Kaiser is sick, things are not well with him. Vicious democrats in Russia, some of the same persons whom, to please the Kaiser, his police used to watch or even when they were students in Germany, have thrust out Czarsim. The Emperor's love for democracy must be quite as strong as that of a certain other accomplished gentleman or holy water.—[New York Times.]

## COMPANY G IN THE FIELD

Star's Special Correspondent Tells Story of Camp Life—New Non-Commissioned Officers.

With Company G, in the Field, April 9.—News that the United States had declared war on Germany caused less of a sensation among the men who responded to the call on February 4, which took Company G from its home station. The men in the company are ready at any minute to fulfill to the letter the obligation to their country which they took upon themselves when they enlisted in the National Guard. None have been heard to express fear of what the future may hold for them.

The annual inspection and muster of the company, which had been announced for the early part of February, and of necessity had to be deferred, was made by officers of the United States army on Wednesday. Five officers are engaged in this work and while the separation of the companies from their armories makes the checking of records and equipment a difficult task, little delay was experienced in completing the inspection.

Captain Parish has gone to Oneonta and Cooperstown to enlist recruits for his command. Captain George W. Augustin and Sergeant H. B. Royce of the medical corps, preceded Captain Parish to complete the physical examination of applicants. Cooperstown has made a remarkable showing in the number of young men the village has offered for service in the National Guard. This makes the boys now on duty wonder just how many of their friends and acquaintances in Oneonta will be numbered among those who will make up the detachment which Captain Parish is seeking to recruit.

Several non-commissioned officers were warranted in Company G, during last week, upon the recommendation of First Lieutenant W. H. Hefield, commanding the company during the absence of Captain E. J. Parish, who has been range officer at the State camp at Peekskill while the various companies of the regiment have been engaged in rifle practice at the range. The appointments were as follows:

Sergeant Pearley A. Wood to first sergeant; Private John J. Croly to mess sergeant; Corporal Maurice C. Osterhoudt and Corporal Elbert N. Patton and Private Royal C. Johnson to sergeants and Privates Guy E. Fay, Walter L. Gutter, Johnnie A. Fowlston, Earl J. Tylou, Harry J. Perrine and John H. Xapper to corporals.

Mess Sergeant John J. Croly, while with the company at State camp, was discharged from the Peekskill hospital where he had been for a few days, while being treated for an infection of his face. Other members of the company are in excellent health.

The stay at State camp at Peekskill was thoroughly enjoyed by the boys. It was the occasion of the first reunion of the company since the day following its departure from Oneonta. The officers in command were very lenient in allowing passes from camp and none who properly conducted themselves were denied the privilege of visiting Peekskill each evening. The men who last summer made the march from Camp Whitman to the State camp, found much in the march last week, though not as long as that during the summer tour, to afford them much entertainment. One detachment covered the same route as that followed by the first regiment on the last lap of the trip last July.

The officers of the company are exerting every effort at their disposal to round their men into a state of efficiency that will count in a crisis. Drills and practical talks are doing much to accomplish this end and the rifle practice last week gave the recruits a chance to get knowledge of their rifles by actual experience. The nine recruits who reported for duty in the field on March 25, are now taking their places among the guards and are fast acquiring the carriage and deportment of a soldier. They have found a place among the older men which seems to their liking and when off duty pass their time like veterans in the service.

Numbers which have been rifle here as well as elsewhere for several days, have had Company G under orders for duty at most any point on the globe. California, Panama, Cuba and France have been most conspicuous among the future bivouacs of the company. So far as official orders go, however, no changes have been made.

The weather where the company is located with the exception of a few cold days, has been springlike. While at the State camp the men were quartered in tents having floors and heated with stoves. To nearly all the experience was a novel one that was enjoyed and none suffered any serious effects from the change from indoor habitation. Tents will be in use altogether in a few weeks, it is expected.

#### Camp Chatter.

Dame Rumor is with us again. The boys for some reason or other persist in winding up the day by singing "Good Night Ladies."

Private Happy Bender finds that even in the army there is a place for a barber and that his trusty razor does not get a chance to lay idle altogether. Some of the boys failed to answer check roll call at tans the last night were were at State camp. Now they can tell you just what it all means.

Private Morris Townsend, one of the recruits, entertained the boys by doing a marathon across the drill grounds at State camp while on a detail for a tent pole stretcher. In the meantime another recruit was busy setting the key to the camp.

Garrison, our mascot, has left us. He made the trip to State camp and back but his fondness for being at the head of a marching column caused him to desert us when a detachment from Company G passed our post. Later he returned to State camp with company H.

"Old Black Star" was administered to the rookies at State camp with Sergeant Patton directing the initiation. The order had its origin in Company

G and is known to older guardsmen throughout the state. "Pat" is usually on hand when such a proceeding is deemed necessary and seldom fails to miss the treatment accorded the recruits.

### MESSAGE FROM LONG BEACH

Oneonta Man Writes of Personal Experience and Observation in California.

Editor Star—I read the interesting letter in The Star from Mr. Strong of Los Angeles about the Otsego people here and thought a short letter from this place might interest its readers. We have been here a month and found peach trees in blossom on arrival, only one small rain and a few light frosts since. The battleship Oregon was in the harbor and several submarines are here as well as others in process of construction. Fort McArthur is only a few miles distant. It is now under construction and I saw the emplacements for the two 14-inch guns, one of which has arrived.

Very few fish are taken by hook and line from the wharves here. The boats with nets catch large quantities, one bringing in 65 tons, another 40 tons of sardines to the local cannery only a week or two ago.

Last Saturday the annual carnival of states was held at Long Beach. Over 60 floats and decorated automobiles took part. Michigan took the first prize for the finest display. Their float was a handsome enclosed automobile on a large truck covered and decorated with flowers and filled with ladies wearing pink hats and each auto carried a large card, telling its kind and "made in Michigan" on each. New York state took the third prize with a float representing "The Half Moon" with "Father Knickerbocker" seated near the top of the mast and numerous pennants naming its important cities, several soldiers dressed in the uniform of each war, each bearing one end of colored ribbons attached to the central mast. There were many other handsome displays. Iowa with a large ear of corn with a lady seated in the middle. Kansas with its large sunflower, and many others.

The prices of most food is cheaper in California than home. Fish, bread, butter, eggs, cheese, fruits and vegetables cost less except potatoes, which cost the same, though new potatoes are being brought in. I had my first taste of whole meat the other day. The markets here sold a large quantity. Its color is a little darker than beef, but the flavor is almost the same with no fish taste.

The "Balboa" moving picture film company is only one block from where we are stopping. It covers a part of four blocks. It is said that most of the films made in the United States are Californian.

## THE WAR RESOLUTION

Sixty-fifth Congress of the United States of America;

At the First Session,

begun and held at the City of Washington on Monday, the second day of April, 1917.

### JOINT RESOLUTION

Declaring that a state of war exists between the Imperial German Government and the Government and the people of the United States and making provision to prosecute the same.

Whereas the Imperial German Government has committed repeated acts of war against the Government and the people of the United States of America; Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the state of war between the United States and the Imperial German Government which has thus been thrust upon the United States is hereby formally declared; and that the President be, and he is hereby, authorized and directed to employ the entire naval and military forces of the United States and the resources of the Government to carry on war against the Imperial German Government; and to bring the conflict to a successful termination all of the resources of the country are hereby pledged by the Congress of the United States.

Champ Clark,

Speaker of the House of Representatives.

Geo. R. Marshall

Vice President of the United States and President of the Senate.

Approved 6 April, 1917

—Wolcott's orchestra of six pieces furnished music last night for the annual ball of the Delhi Fire department at Delhi.

—K. J. Butts has placed an order with Arthur M. Butts for a new ton Federal truck for early delivery for trucking purposes.

—The attention of D. & H. shop employees is called to a meeting to be held this evening, mention of which is made in another column of this issue.

—The meeting before the board of public works in connection with the question of paving Elm street will be held this evening at 7:30 instead of 8 o'clock as was previously announced.

—Members of the Fortnightly club will bear in mind that the last meeting of the season will be held this evening at the home of Dr. Arthur W. Cutler. The paper will be by W. D. Bush, and the subject will be "Railroads."

—Mrs. Fred N. VanWick and Miss Clara Bunn entertained the members of the Antiochian club at an afternoon bridge party at the VanWick residence on Saturday afternoon. After the games refreshments were served. The occasion proved a most enjoyable one.

—Many members of the Hamilton College Glee and instrumental clubs, which gave so successful a concert in this city Saturday evening, remained in the city over Sunday, as guests at the homes of Hamilton alumni and other citizens. They departed yesterday morning for Binghamton, where they gave a concert last evening.

—John Granger, who was injured last week, was sufficiently improved in health to be removed from the Fox Memorial hospital to his home on Saturday. While he is not recovering as rapidly as his many friends wish, he is thought to be improving steadily. His return to active business again will be anticipated by all his acquaintances.

—Cepherley & Morgan have purchased of G. W. Shawson, the property at 84 Dietz street and plan extensive improvement to the property. The house now upon the lot will be repaired and a modern cottage will also be erected upon the southerly side of the lot. The property was purchased for development purposes and if not sold both houses will be for rent.

—The funeral of the late Mrs. Irving L. Pugh, whose death was noticed in The Star yesterday, will be held from the residence at 104 Chestnut street on Thursday afternoon at 2 o'clock, intelligence having been received from Mrs. Franklin P. Wells that she will reach Oneonta at 4:20 that morning. Rev. G. C. Dickinson is to officiate and interment is to be in the family plot at the Plains cemetery.

—Captains Parish and Augustin will be at the armory of Company G today and while they will be engaged in assisting the regular army officers in inspecting the property of the company here, they will find time to converse with and examine, if agreeable, all who desire to enlist. Now is the time if you wish to serve with a company officered and manned by acquaintances. When the command reaches full war strength then all volunteers will be assigned to other companies. Now is the time for all able bodied young men to come to the support of the nation. Why not today?

## Meetings Today.

## PATRIOTIC MEETINGS PLANNED

EFFORTS WILL BE MADE TO AROUSE COUNTY TO APPRECIATION OF NATIONAL CRISIS.

Prominent Speakers Expected to Address Monday Mass Meeting at State Armory Some Evening Next Week—Others About County to Follow.

That America has entered upon a war that will require all the energies and resources of the nation and that if this nation would save itself the loss and disaster that came to England before she appreciated fully the magnitude of the task before her seems to be appreciated by but few. In an effort to arouse the residents of the county of Otsego to a comprehension of the need of exhaustive preparation now before the acute situation for this country develops and to effect vigorous preparation for the war should its duration be prolonged, mass meetings are to be held in various villages about the county within the next few weeks, at which the true condition will be outlined and an earnest effort to arouse the public to a correct understanding of the importance of a vigorous policy of preparedness.

Captain George W. Augustin of the First regiment of the National Guard met with the directors of the Chamber of Commerce yesterday afternoon at 4 o'clock and presented the needs of a vigorous campaign to stir the people and create an energetic policy and secure enlistments for service.

In discussing the conditions Captain Augustin declared that the submarine menace has not been checked and that the allies have a fierce fight before them. He said that it is the opinion of military experts that the European conflict is by no means decided and that the chances of final victory for the allies is not one whit better than 50-50. While it is hoped that the war will be terminated earlier this nation should be prepared for a three-year conflict and that there is little doubt that an American army of sizable proportions will be required to assist the allies before victory is won. He expressed confidence that the young men are patriotic and ready when the need is shown, but that apathy exists because the seriousness of the situation is not fully appreciated. He urged a big mass meeting at which speakers emphasize the need for patriotic self-sacrifice and devotion to the nation.

Judge Kellogg and Acting Mayor Cepherley stated that at the meeting of the Home Defense committee to be held on Thursday, at 1 p. m., at which all the members are expected to be present, it is the intention to arrange for public meetings in all the large villages of the county to be consecutively held and it has been thought advisable to have the first rally in this city.

The definite plans will be completed on Thursday and at the request of Judge Kellogg and Acting Mayor Cepherley President Smith of the chamber appointed a committee to co-operate with the Home Defense committee of the county in arranging for the mass meeting in Oneonta which is composed of the following: Dr. P. I. Bugbee, Rev. Charles McCaffrey, S. A. Disbrow, Dr. G. J. Dann and Dr. Arthur W. Cutler.

## NEW POST OFFICE REGULATIONS

No Mail Matter or Money Orders Received for Points in Germany. By order of Postmaster General Burleson of the post office department during the conduct of hostilities between the United States and Germany, no mail shall be dispatched from any office in the United States to Germany or to any German possession. The rule also will apply to mail matter for Austria, Hungary, Luxembourg, Bulgaria and Turkey, inasmuch as mail matter for those nations has to be transmitted through Germany. The order also forbids the issuance of postal money orders to any of the above named nations.

Postmaster Beasins is also in receipt of a general order forbidding leaves of absence to all post office employees without pay during the continuance of hostilities. This ruling does not apply to regular vacations of employees, to absences necessitated by sickness or by military duty.

## Rebates on Evening School Fees.

Principal A. O. Bridgman will be in his office at the Academy street building this evening from 7 o'clock to 8:30 for the purpose of meeting any of the pupils of the evening school who are entitled to a rebate of part or all of their registration fee.

## HER BELOVED ENEMY.

A Photoplay of Youth and Adventure at The Strand Today.

The story has a decided punch. A beautiful young girl on graduation from boarding school is suddenly thrown upon the world as it really is. Before his death, her father makes her promise to be revenged upon the man who wrecked his life. She falls in love with this man. What does she do? The suspense is sustained up to the last scene, and then the heroine and audience get a big surprise.

A notable feature of the picture is the wardrobe of Miss Grey. She wears extremely beautiful gowns in the different scenes of the story, many of which were filmed on a millionaire's estate on the Hudson river. Also Florence Rose fashion "Forecasts."

## CLOSING WIRELESS STATIONS.

Amateur Operators Required to Take Down Aerials by Government.

Sheriff Orlo J. Brown of Cooperstown was in the city yesterday looking over the city and locating the wireless stations that have been established in the city and notifying the owners that the stations must be closed. The sheriff found it advisable after conferring with R. E. Brigham, who has the most complete installation in the city and was the pioneer among the wireless operators here, installing it first for the purpose of receiving daily the time from Arlington and who since has developed a complete receiving and sending outfit, to require that all aerials be taken down and placed in such condition that they cannot be used.

Mr. Brigham, who since the announcement was made at Washington that the government would require all stations under its control and required for use by the government to be closed has been using his outfit only for receiving the time, assured the sheriff that both he and all other operators would cheerfully comply with any requirements he considered wise to make. Others whom seen gave the same assurances and the aerials which are not costly to erect will at once be removed.

While no statement was made by the sheriff it is understood that five stations were found, four of which were able to receive at least the messages sent out from Arlington. These are owned by Mr. Brigham, Edward Reynolds, Louis Curtis, Harry Gyer and Harold Lord. All will probably be put out of commission today.

In Cooperstown it is understood that eight aerials were found in use. The number about the county in other villages are not known, but it is believed that these found in Oneonta and Cooperstown comprise in large part those in operation in the county.

## NEW SECRETARY ENGAGED.

A. B. Davis of Rouses Point to Succeed Reid Snyder.

Upon the advice of the state committee and after considering several candidates, the directors of the Oneonta Y. M. C. A. have elected A. B. Davis, now general secretary of the railroad association at Rouses Point on the D. & H., to succeed Reid Snyder, who recently resigned to accept an attractive position at Olean. Mr. Davis will assume the duties here not later than May 1.

Mr. Davis has had 23 years' experience in the work and has received training at the Springfield Training school. The residents of Rouses Point speak highly of his work there and the state committee representatives declared that he is the most available man they know of to recommend the work in Oneonta. He was formerly secretary in charge of the physical work at Elmira in the railroad association and has been secretary at other places. He is a man of mature years with a wife and two children, one of whom, a son, is in college.

## Social Meeting Wednesday.

The W. C. T. U. are planning to hold a social meeting Wednesday evening at their rooms, 321 Main street. It is the occasion of the annual due tea. Refreshments will be served and a splendid program rendered. The topic is "Faith, Facts, Folks, Funds." Mrs. VanBatten, the evangelistic superintendent, will speak on "Faith." Mrs. Nellie Finch of Worcester, the president of the Otsego county W. C. T. U., will speak on "Facts" and Mrs. Lula Walker has the topic "Folks." Mrs. Frank Wells, the treasurer of the union, will look for the "Funds." It is hoped all members will pay dues for the year. All friends of temperance, whether members of the union or not, are cordially invited to enjoy the good times with the white ribbon ladies.

## "A SCHOOL FOR HUSBANDS"

With Fannie Ward at the Oneonta Theatre Today.

"A School for Husbands," the title of the Lasky feature which will be seen at the Oneonta theatre today, tonight and evening, with the charming Fannie Ward, as a modern, and clever young society woman, a photodramatic adaptation of Stanislaus Strange's clever comedy, has proven to be the best winner this popular star has yet appeared. For this production Miss Ward selected from her famous wardrobe some hitherto unseen creations, which will prove an interesting study for the feminine patrons. A clever Paramount comedy will also be shown. Arrange to see one of the three performances. Admission 10 cents.

## Cotton Wash Fabrics

## The Spring and Summer Wash Cottons

When you inspect these new arrivals, you will be inclined to doubt whether such dainty weaves will really stand the wear and racket of the wash-tub. We, however, can give you assurance that they will not only prove serviceable in the wash, but that with ordinary care, the colors will stand fast.

The dainty and delicate colorings of Pinks, Blues, Lemons, Chartreuse and Lavender, remind one that the season of blossoms is close at hand.

All white wash fabrics are shown in a range of mercerized chiffons, cotton voiles, novelty voiles.—Something new are the Newport voiles in a range of the season's colorings; 44 inches wide, 40c per yard.

Novelty voiles in an array of stripes, figures and shades which will wash and keep their colors. Figured voiles in a range of Spring shades at 12½ cents per yard.

### CONFERENCE OPENS TOMORROW

NOTABLE GATHERING OF METHODIST CLERGY AND LAITY AT COOPERSTOWN.

Dr. Martin of Oneonta to Deliver Illustrated Lecture on Europe Before the War Friday Afternoon—Appointments Expected on Monday Afternoon.

The sixty-sixth annual session of the Wyoming conference of the Methodist Episcopal church convenes at Cooperstown on Wednesday morning and will continue with three sessions daily until Monday, when it is expected to close with the afternoon session, at which the appointments will be announced, including the name of the new pastor of the Oneonta church to succeed Rev. Dr. Hall, who retired at his own request to locate in Cooperstown. This is the second time that the conference has met at this historic and beautiful village, the visit of the conference there in 1906 being remembered pleasantly by all. While the Oneonta and Fenimore will not open the other hotels and boarding houses and numerous private homes are open for the entertainment of the visitors, of whom some 250 clergymen and nearly as many laymen from cities and villages in Southern New York and Northern Pennsylvania extending from Cooperstown to Wilkes-Barre in the latter state are expected.

While the first session of the conference proper will be held Wednesday morning at 9 o'clock there will be a temperance rally this evening at 7:30 o'clock, which will be addressed by Clarence True Wilson, general secretary of the church board of temperance, and William H. Anderson, state superintendent of the Anti-Saloon league.

On Wednesday morning, after the usual opening exercises, Bishop Berry of Philadelphia, Pa., who is to preside, will administer the sacrament of the Lord's supper and the roll call of delegates will be followed by the organization of the conference. It is expected that Rev. George H. Prentice of Ayer, who succeeded the lamented Rev. Benjamin P. Ripley last year, will be re-elected secretary. Rev. Mr. Prentice is a graduate of Harwick seminary and was formerly pastor of various churches in this section.

Business sessions will be held each morning and on three afternoons stereoscopic lectures will be given at 4 o'clock at the Village hall, as follows: Wednesday, Rev. J. A. Hensley, of Binghamton, "The General Conference;" Friday, Rev. E. Martin, superintendent of the Oneonta district, "Europe before the War;" Saturday, Rev. A. R. Burke, Binghamton, "Yellowstone Park." On Thursday afternoon the members of the conference and visitors will be taken in groups to visit places of historic interest in and about Cooperstown. Evenings during the session of the conference there will be various anniversaries of church and missionary organizations with distinguished speakers from away.

For the anniversary of the Epworth league Dr. Dan B. Brummitt, editor of the Epworth Herald, has been secured as speaker. The Southern Railway, it is announced, will run special cars to all points, Schuylers Lake to Oneonta inclusive, after the service.

Many laymen will visit Cooperstown on Friday to attend the annual session of the Layman's association and doubtless a goodly number will remain over to attend the interesting exercises of Sunday. At the morning service Bishop Berry is to preach. The love feast, which precedes the sermon by the Bishop, will be conducted by Rev. Henry N. VanDeusen of Milford, one of the retired members. In the afternoon memorial services for deceased members and wives will be held and in the evening the annual missionary sermon will be delivered by Dr. George P. Eckmann of the Elm Park church, Scranton.

RED CROSS WORKERS BUSY.

Captain G. W. Augustin Compliments Oneonta Women on Their Efforts.

A well attended and enthusiastic meeting of the Oneonta ladies who are to form a permanent branch of the Red Cross organization, was held in the Woman's club last evening, and from all indications the work that will be done by these devoted women will play a prominent part in the activities of Oneonta Guardsmen and others who take up their burden of military duty.

Twenty new members were received into the organization and 16 applications were received for membership in the first aid class. Detailed reports of their accomplishments have not yet been made public, but it is stated that all of the ladies are busy making surgical dressings, bandages and life necessities for the medical branch of the service.

Captain G. W. Augustin of the Medical corps addressed the ladies for a brief time on the necessity of concerted action by the women of the nation and paid them the compliment of being the most patriotic, in deed, at least, of all Oneonta organizations.

Through co-operation with the officers of Company C the most pressing needs of the company personnel will be looked after by the Red Cross workers.

Moved to Binghamton.

Mr. and Mrs. Russell Yenger and four children, Miss Ida Howard, Naomi and Esther, also Rutson Oliver, formerly of 86 Ford avenue, left this morning for Binghamton to reside.

For sale—Fifty shares of the capital stock of the Second National bank of Cooperstown. In order to effect a quick sale will sell at twenty points below its book value, as per last government report. George I. Wilber, Oneonta, N. Y.

Poultry Wanted—Williams' market will pay 20c per lb. for good fowls live weight, delivered at market.

For sale—Practical housekeeper, at the Windsor, Oneonta, May 1. Eagle, Norwich, May 2.

### MOTOR CAR OVERTURNS.

Mr. and Mrs. Bruce Phillips Narrowly Escape Serious Injury.

Mr. and Mrs. Bruce Phillips had a narrow escape from serious injury on Friday night last while returning from attending a fraternal gathering at Sidney. The accident happened a couple of miles north of Otego when the car, of the roadster type, upon striking a water hole in the road turned completely around and landed bottom side up with Mr. and Mrs. Phillips buried beneath. When the occupants of the car that was following them reached the scene much alarm was felt and when they had stopped and reached the side of the car they found both conscious and endeavoring to extricate themselves from the position in which they were caught.

With the aid of rails the friends managed to rescue Mr. and Mrs. Phillips and the former were gratified to find that the couple had escaped with scarcely a scratch from what seemed from the appearance of the car to have been almost certain to have caused serious if not fatal injuries to one or both of them. It is understood that while the wind shield and other minor parts of the car were damaged it was not seriously harmed.

**YIELD \$750,000.000 A YEAR**

"In the schools of the cities, towns, suburban communities and manufac-

Secretary Lane Ebbels that these results can be attained by placing over one hundred children between the ages of nine and sixteen on a teacher-staffed in gardening and paid for all the year round.

Though Mr. Clanton the interior department will try to put into operation this plan for the redemption of the high cost of living. Public officials are much interested, as it has been tried out on a small scale and worked well.

Though the boys' and girls' rural clubs, under the direction of the department of agriculture, Secretary Houston will aid the back yard garden movement.

of transportation, he said, was involved only by heavy expenditures to obtain increased capacity in train movement, making it possible to handle far in excess of freight per locomotive. This had reduced the average cost of hauling a ton of freight, but the decline in the average fuel oil rate had eroded the net income of the roads from each ton hauled. If the operating costs of the railroads, including the prices of fuel, labor and materials, continue to advance at the present rate a lot of money will be in the hands of investors by 1935 unless some plan is adopted. Mr. McGraw said that this meant:

"Owing to the rise of the index prices, the cost of the fuel oil, labor and materials has fallen 40 percent and the railroads are in a position of having about 40% of the cost of their transportation in the level to the public in revenue, which 45 cents on the dollar equals the cost of interest."

## Blue Hen Brooders

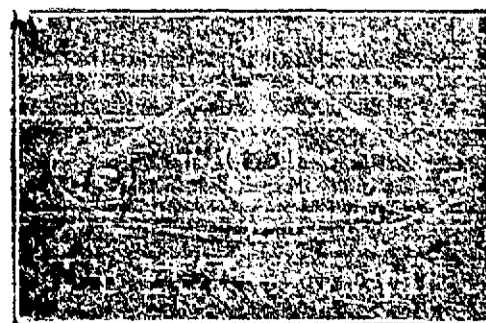

A BIG BROODER AT A LITTLE PRICE.

The Blue Hen Hot Air Brooders at \$11.50 for the No. 4, and \$12.50 for the No. 15, will do—with less attention and less fuel—the same work as other Hot Air Brooders which sell at \$20 or more.

Because of the larger grate area and fire surface in the Blue Hen Heater, you always have a brisk, lively fire that never smothers out.

An extremely sensitive thermostat (placed down among the chicks, but protected so they can't jump upon it) automatically, without attention on your part—keeps the heat at just the right point.

### DAN S. REED TO SPEAK HERE

HIGHEST SALARIED COMMERCIAL SECRETARY IN UNITED STATES.

Will Address Chamber of Commerce Dinner at The Oneonta Friday Evening.

The brief announcement in The Star, stating Daniel A. Reed, secretary of the Flint, Michigan, Board of Commerce, has brought forth much favorable comment.

No man engaged in commercial organization work is so favorably known throughout the United States as "Dan" Reed. From the days of his early football experiences in Cornell University to the present time, he has shown beyond question a man of great power and personal magnetism.

During the years he was associated with the American City Bureau, he was permitted to correlate much data concerning chambers of commerce, and with his keen mind he has been able to analyze things with great precision. It was while associated with the American City Bureau that he visited Flint. The commercial organization there asked him to name his price to become its secretary. He did so, and to his surprise, was accepted. It is a fact he is the highest paid secretary of any commercial organization in the United States, and is probably one of the most efficient.

Mr. Reed will arrive here early next Friday morning and will spend much time in looking over the city, interviewing some of its principal men, and will present facts to his audience that will be interesting. He possesses such vivacity and force that his hearers are convinced with the honesty that prompts his utterances. He is repeatedly referred to as the great American evangelist of chamber of commerce work.

The people of Oneonta are fortunate to be able to hear Mr. Reed, and it will be surprising if men from some distance do not ask the committee for reservations at the banquet.

The committee sent letters out Saturday with a return post card which are already being sent in requesting reservations. There should be no delay on the part of those interested in indicating the number of plates they desire.

There will be some good singing of patriotic songs, led by J. J. Gessner.

### COMMUNITY SINGS ARRANGED.

Otsego County Old Time Singing Schools To Be Held.

Otsego county is very fortunate in securing Miss Sarah Huff for a series of singing schools. The Home Economics clubs of the county invite everyone to be present at the "sings," which will be held at centers throughout the county April 16-27.

In the afternoon before the sing, the clubs are arranging joint programs at which Miss Huff will lead in a rehearsal of a few of the old-fashioned songs which everyone loves, and at which the home demonstration agent will be present and speak of her work.

Everyone is invited to be present at the evening meeting bringing your fiddle or other musical instruments, but above all else your voices, whether or not one sings. Miss Huff makes you feel that you do, and everyone enters into the spirit of the old time songs, and a general good time is enjoyed. In order to make this community sing a great success, everyone must be interested.

Let us then forget the threatenings of war, the high cost of living, and all join in singing the songs of our childhood.

Gilbertsville, April 16; Morris, April 17; Edinboro, April 18; Unadilla Forks, April 19; Milford, April 20; Otsego, April 21; Cooperstown, April 24; Schenectady, April 25; Mt. Vernon, April 26; and Cherry Valley, April 27.

### "CIVILIZATION"

Million Dollar Film Spectacle at Theatre Oneonta April 11 and 12.

The story of "Civilization," which is to be shown Wednesday and Thursday at the Theatre Oneonta was dedicated by the producer to the mother of the dead in the present world war. An idea of the tremendous proportions of this drama can be formed when it is realized that it took one year to produce at a cost of one million dollars. Forty thousand people were employed at various times, as many as 5,000 appearing in one scene. "Civilization" in conception and in impressive detail is the equal of the great Griffith picture, "The Birth of a Nation." "Civilization" represents the best in film art and in lighting effects and massive groupings. It is a step in advance of the other productions. It is perhaps the most eloquent argument ever presented in favor of world peace. Special synchronized music will be rendered by an orchestra of fourteen musicians. There will be a matinee daily at 2:15, seats not reserved, prices 35c and 25c. Night prices, 50c, 35c and 25c now on sale.

### WILL FORM CLUB IN OTSEGO.

Implement and Vehicle Dealers of County to Meet Here Today.

A meeting is to be held at The Oneonta this Tuesday, morning, at 10:30 o'clock, for the purpose of organizing a Retail Implement and Vehicle Dealers' club of the county of Otsego, such club to be a branch of the New York State Retail Implement and Vehicle Dealers' association. Truman Cole of Little Falls, an officer of the state association, will be present and explain the benefits these clubs have been to the dealers in other counties. R. D. Fetzer of Batavia, secretary of the Traveling Men's auxiliary to the association, will also be present and assist in the organization of the club.

Does it pay to advertise? Yes, if you have the right kind of goods, and we have them. E. D. Miller, 198 Main street; J. E. Tilley, 12 Reynolds avenue. Adv't 171

### THE NEW HOLLIER SIX.

Stevens Hardware Company, Inc., Take Agency for New Car.

There is another new line of cars added to Oneonta's representation, the Hollier, built by the Lewis Spring and Axle company at Chelsea, Mich. The agency has been vested in the Stevens Hardware company, Inc., at 152 Main street. Their territory will include Chenango, Otsego, Schoharie and Delaware counties. Those in close touch with manufacturing circles in this country regard Hollier Eight and Sixes as cars of unusual value. The Lewis Spring and Axle company, while it has never made any noise about it, has supplied many of the prominent car builders in this country with their parts for 15 years past. The concern is well and favorably known in automobile and financial circles and has always, it is claimed, turned out worthy products. Now then, it follows that the Lewis Spring and Axle company, with nearly two decades of manufacturing experience back of it, ought to know a thing or two about the building of automobiles. And it is but a fair assumption the company does know. Hollier eight and sixes, while comparatively new to this section, have done wonderfully well in other cities. Boston, for instance, has made a record in this respect. The Lewis Spring and Axle company believes it is building an honest and thorough car and has much company in the belief. The Stevens Hardware company, Inc., in this city could have taken on any number of other cars, but Mr. Stevens says he was fully convinced after looking up both the car and the builders that it was the best to be had. The eight cylinder engine is of course of the V type. Interest naturally centers in this feature. The Hollier eight cylinder engine is very neat and compact and is especially lively, as will be noticed when one has a demonstration. There are any number of special features about the engine not found in other makes.

The Hollier six follows the same lines as the eight, but has a slightly longer hood. The builders assert it is a very capable car, in which statement they are correct. Mr. Stevens says he is ready to put the Hollier cars beside any now on the market, and is certain prospective purchasers, after a demonstration, will appreciate why the Hollier cars are better than others in the same price class. The five passenger and four passenger eight cylinder touring car sells for \$1,185, f. o. b. Chelsea, Mich. The five passenger six cylinder touring car sells for \$985, f. o. b. Chelsea, Mich.

### THE HUGGINS CASE ON TRIAL.

Attracts Many Residents of Sixth Ward Interested in Outcome.

Residents of the southerly end of the sixth ward packed the city court room yesterday to hear the trial of Charles Huggins, who is charged with conducting his dances in the building on Lower River street formerly occupied as a grocery in a manner to offend the good order and peace of the community. Residents in the immediate locality are much interested in the case and its outcome.

Attorney John G. Johnson, who demanded for his client, the defendant, a jury trial, took exception to the fact that the jury previously drawn had been summoned by Officer Horton, who is the complainant in the case and they were discharged and a second jury was ordered to answer at 2 p. m. At that hour the trial was resumed and after numerous talesmen had been excused and others pressed into answer at once a jury was secured and the trial proceeded.

During the afternoon some eight or nine witnesses were examined for the People and cross-examined by Attorney Johnson for the defence. The evidence is not particularly edifying and perhaps the less said about the nature of the testimony presented the better. The case will probably require the greater portion of the day if not longer, as both sides are understood to have an imposing array of witnesses.

### Resolutions of Farmer Post.

At a regular meeting of Farmer post, G. A. R., held at the post rooms on Saturday, it was unanimously decided to express to the President of the United States and to the Governor of New York, the full appreciation of the membership for their attitude at this time of the nation's great need. "Although advanced years and depleted physical strength forbid the thought of active service, yet our influence, sympathy and prayers are all with the country and the flag we fought for. In the language of our esteemed President we say, 'We dedicate our lives, our fortunes, with everything we are and everything we have,' and everything for which we hope upon the altars of the land we fondly call our own, the land we love with ever-increasing devotion."

W. H. Brown, commander. Ainer Munson, adjutant.

### FAREWELL SERVICE

Good Wishes of Many Oneontans Go With Parsons Brothers Party.

Many friends, including the large chorus choir and members of the various committees, gathered in the parlors of the First Baptist church last evening for a farewell to the Parsons quartet who have been holding special meetings in the church for the past three weeks.

B. T. Runyon, chairman of the music committee, was the first speaker. He presented in behalf of the chorus choir, as a small token of appreciation of the untiring efforts of the party during the meetings, two gold pieces, one to each of the brothers and their wives. The remarks of the quartet, thanking the members for the gift, were very pleasing as they came from the heart. They also thanked everybody who helped to make the meetings successful, which was especially meant for the choir, who have been very faithful in attendance and added interest to the special song services. Harlow Parsons earnestly requested that the choir would organize as a permanent one and make the regular services more interesting by singing, which is what will probably be done.

Dr. Farley next expressed his thanks for the help that had so willingly been given by all members of the church and congregation. In his remarks he told just what a success the meetings have been. Over a hundred have signed the cards and have signified their intention to join a church of God. The meetings have been free from all objectionable things that are usually found in such meetings because of the willing spirit manifested. The finance committee especially should be congratulated on the way they have handled the expenses, for on no week day night have the collection plates been passed. Also the people were very generous in their free will offering to the party, which amounted to between \$250.00 and \$275.00.

The Parsons quartet goes from here to Binghamton in the Main Street Baptist church for the next meetings. On a rising vote it was unanimously voted if possible or needed the Parsons would be called back, for all who have come to know them personally have found four exceptionally bright and cheerful people working for others in the footsteps of their Saviour.

### TAKES OFF DANDRUFF HAIR STOPS FALLING

Girls! Try this! Makes your hair thick, glossy, fluffy, beautiful.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A Little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

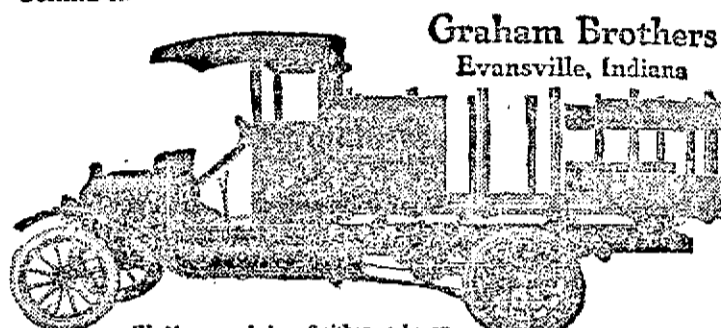

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a Little Danderine.

### Many NEW Extras

The latest Mitchells offer many new attractions. Among them—

- 31 Unique Features—
- 24 Per Cent Added Luxury—
- 100 Per Cent Over-Strength—
- 8 New-Style Bodies—
- Two Popular Sizes.

The 31 extras are features which nearly all cars omit. See what they mean to you.

The bodies are built in our own body plant. Each new style is exclusive.

Many luxuries are added, all paid for by savings made in this new body plant.

### DOUBLE STRENGTH

Every vital part now has twice the needed strength. Our margins of safety have in three years been doubled.

The result is a lifetime car. Over 440 parts are made of toughened steel. All safety parts are oversize. All parts which get a major strain are built of Chrome-Vanadium.

Mitchell cars have proved that cars built this way will run over 200,000 miles.

### NO SIMILAR CARS

No other car has these Mitchell extras. They cost us on this year's output about \$4,000,000.

They are paid for by factory savings. John W. Bate, the great efficiency expert, has cut our factory cost in two. He has spent millions to build and equip a model plant for this single type.

Our savings go into these extras. Into extra features, extra strength and beauty. There are hundreds of them.

Come and see them. Compare cars with and without them. You are bound to choose a Mitchell after that.

### A NEW \$1,150 SIZE

Also see the new size—Mitchell Junior. A 40-horsepower Six with 120-inch wheelbase. More room and power, more luxury, more equipment than you ever saw in a car of this class.

All these things will give you a new idea of efficiency. They will bring you respect for Bate-built cars.
